

RELEASE NOTES

Patient Agreement Access

Summary

eVisit now makes it easier for patients to gain access to their legal agreements which increases visibility, ease of use and compliance - all important steps to making eVisit easier to use and thereby improving patient retention.

Problems Solved

- Patients not being able to access the agreements they read and accepted

Feature Overview

- A new tab called Agreements will be present to patients in the My Account section.
- The Agreements tab will display a table that has four columns providing the patient with the date, time, practice name, and agreement name.
- The following types of agreements will be available when applicable:
 - **eVisit Agreements**
 - **Practice Agreements**
 - **Location Attestations**
 - **Insurance Consent**
 - **Dependent Consent**
 - **Visit Consent**
- The Dependent Consent agreement will always show the initial practice name the guarantor was associated with if they belong to multiple practices.
- This functionality is only available on desktop, not on mobile.
